

Brevio pre-mix dispenser

from autonumis

A pre-mix dispenser with pumped product delivery and accurate portion control.

- Suitable for products with a wide range of viscosities, from juice to yoghurt or even custard!
- Accommodates 2 x 6.5 litre Bag-in-Box – totally hygienic as the bag contents never come into contact with the dispenser
- Portion sizes settable for each product, between 50ml to 500ml – saves on waiting time
- Settings digitally programmed by the owner/operator
- Refrigerated product compartment for optimum serving temperature
- Digital product temperature display
- Automatic defrost cycle and condensate removal
- Large illuminated product display area featuring easy change customer graphics and low energy LED lighting
- Illuminated dispense area
- Lock out to prevent use during out-of-service hours
- Easy installation, fast product restocking and easy to keep clean
- Also available with two refillable tanks
